

Your knowledge. Your AI.

PRIVATE AI FOR TRIBAL NATIONS
AND ORGANIZATIONS

THE SHORT VERSION

Sovereign is a private AI platform for Tribal Nations and organizations that want control over their AI environment. It connects language models, approved knowledge, workspaces, and tools, with workflows for model customization and voice adaptation.

01 / THE PLATFORM

Sovereign

Bring models, documents, tools, and teams together in a private workspace.

02 / THE INTELLIGENCE

IndigiCore One

A 27B language model with private deployment and workflows to develop customized versions.

03 / THE VOICE

IndigiVoice

Voice adaptation and speech workflows guided by permitted recordings and community review.

START WITH A PRIVATE DEMONSTRATION

Pilots are scoped around your priorities, supported infrastructure, and review requirements. Voice quality depends on recordings, training, and fluent speaker evaluation.
